

Haunted House Portraits

by Denise Cocchiaro

Thank you so much for your interest in my Haunted House Portraits.

Here are the particulars :

Each one is a one-of-a-kind, custom, original watercolor painting created by me, Denise Cocchiaro of Spooky Moon Art. I paint from your vision and craft a timeless piece of art that is personalized.

I ask that you send, via email, a minimum of 4 full views (the more the better) of the house to be haunted. Different angles create great interest. Let me know the tone of the painting (fun, scary, etc.) This painting will be filled with tons of ghosts and Halloween creatures, some hidden so every time you look, there is more to discover. This is a true tribute to your home.

Your satisfaction is paramount and will be my main focus throughout the rendering of this artwork. I will send you a sketch via email for your approval before I begin painting; and at that point, we will fine-tune the drawing to meet your expectations.

This is a collaboration, so any guidance, suggestions, and ideas you have are valuable and will help me make your vision come alive.

Your painting will be executed in watercolor on high-quality, archival paper with professional paints. I am a published artist and take great pride in my work.

This haunted house portrait includes up to **5 specific characters of your choice**, such as family members or other characters you choose, e.g., Elvira, Uncle Fester, Morticia, Gomez, etc. Additional characters beyond the 5 have a \$50 per character upcharge.

When the painting is finished, the full payment is due. The time frame is about 5-6 weeks.

Fee:

18x24 \$600 plus shipping

20x28 \$700 plus shipping
